managers at a time, and a best idea was in more than five funds less than 7% of the time, suggesting that, in general, views regarding a stock as a best idea are largely independent across managers.

Investment Focus - Lazard Asset Management

Selecting a Portfolio Manager Who is a portfolio manager? A portfolio manager (PM) is a person who has the requisite skill and expertise to look after your investments and manage them for you. PMs make decisions about investment mix and policy, matching investments to objectives, asset allocation for individuals and institutions, and balancing risk against performance. There are two types ...
